«Sophisticated clothing for optimal performance»

Bert Schmelzer, World Champion 2014

GOLF ¾ PILOT TROUSERS

Foggy Grey

Base Blue

Night Blue

GOLF ¾ PILOT TROUSERS

FABRIC BREATHABLE & ABRASION RESISTANT

The ¾ pilot trousers are made of a robust and breathable material, which features a woven texture on the inner side that more quickly wicks moisture from the body. These light pilot trousers are comfortable to wear and guarantee the perfect body temperature, even in hot weather. The trousers are made from 94% nylon and 6% elastane.

CUT ERGONOMIC & DESIGNED FOR FLYING

The ergonomic shape of the ¾ pilot trousers is designed for the reclined flying position of the glider pilot. The integrated and adjustable Velcro belt ensures the perfect fit. The ¾ length covers the knees, even in a glider, protecting them against harmful UV rays.

Raised cut around lower back to protect against hypothermia

Adjustable Velcro belt for the perfect fit

Easy bladder relief thanks to the 25 cm long fly zip

Front pockets provide plenty of room for personal accessories

Quick and easy access to your equipment

Adjustable hem so that the trousers stay in place.

«Clothing designed by glider pilots for glider pilots»

Mathias Schunk, multiple European record holder

SIZE CHART $\frac{3}{4}$ PILOT TROUSERS

To ensure you get the right size, please measure as follows: place the measuring tape horizontally rather than tightening it around your body. Please note that all measurements are provided in centimetres (cm).

F Waist

Measure your waist where the waistband of your trousers normally sits. The best way to obtain an accurate measure is to use a pair of well-fitting trousers and measure your waistline just above the waistband.

Size	XS	S	M	L	XL	XXL
Waist size (cm)	73 - 78	79 - 84	85 - 90	91 - 96	97 - 102	103 - 108
